**So you want to be an engineer or architect?
What are you waiting for? This is your chance!**
Join Bricks 4 Kidz of Hunterdon and Somerset at the Library
and celebrate Makers Day with our
ENGINEERING ADVENTURES!

The 10:30 a.m. program is designed for preschool-aged children to learn how to build an architectural model with DUPLO® blocks.

The 11:30 a.m. program for ages 6-14 will make a motorized mechanical model using LEGO® bricks.

This is your child’s opportunity to explore engineering, architectural, math and physics concepts using the building blocks they know and love!
