

Candle Decorating Craft
Wednesday, December 19, 2018 at 6:00 p.m.
(All Ages)

Decorate a candle with beeswax pieces.

The wax is beautifully colored and melts in your hands just enough to stick bits on a candle. Make a random “stained glass” effect tearing pieces with your fingers, or cut small shapes if you prefer. Then package your candle in a small gift bag. The little candle makes a charming last minute gift for family, friend or teacher, or use in your own home! Materials supplied.

Registration required.
