

The Joy of Backyard Bird Feeding

1:00pm for Adults

Pete Axelrod from Wild Birds Unlimited will discuss how to attract birds into your backyard. This program covers the different varieties of food and feeder options that attract the widest array of species, as well as tips on making your yard “Bird Friendly”.

Birdhouse Project with Michele

Liana

2:00pm for Adults

Following Pete Axelrod’s class, make a seeded birdhouse that you can take home and put in your backyard. Learn how to reuse the birdhouse feeder, once your friendly guests feast on the seed.

Teen Button Make & Take

12pm-2:30pm

Ages 10 to Young Adult

You will be able to draw and color your own unique button or have the option to turn a digital picture into a button. Using a conversion program, we can help you turn any picture into a button. We will even show you how to add text, shapes, or flair to the picture. Once your design is complete, we will walk you through how to make it into a button in a matter of seconds. Each participant will get 1 button of their choice to take home with them.

Raritan Public Library
